Dear Exhibition Participants! Ladies and gentlemen!

It will be an honour for me to invite you to visit the upcoming International Defence Exhibition "ADEX-2022" which will once again be held in the hospitable and beautiful city of Baku, the capital of the ancient Land of Fires at the above-mentioned time.

THE 44-DAY PATRIOTIC WAR (THE SECOND KARABAKH) AND INCREASING OF MILITARY BUDGET

In November 2020, the Azerbaijani army won a resounding victory in the 44-day Patriotic War (the 2nd Karabakh War) and liberated the territory of Karabakh from the 30-year Armenian occupation. The modern weapons of the Azerbaijani Army and the fighting spirit played an exceptional role in carrying out the victorious operation. The President of Azerbaijan, Mr. Ilham Aliyev, said in one of his speeches: "We bought the necessary equipment. We demonstrated this equipment and modern weapons in the numerous parades on Azadlig Square. We adopted the most advanced trends in the development of our army. We bought weapons that would give us an advantage, and the Second Karabakh War showed that"

The post-war period in Azerbaijan will serve as a foundation to increase defense and security budget to rebuild the military infrastructure, develop the military-industrial complex, enhance military-technical cooperation and improve the country's defense capability and security. Thus, spending on defense and national security in the state budget for 2021 is planned in the amount of 4.585 billion manats (2.7 billion US dollars)
